How to register to EPM2024 and how to upload a photo

Perhaps your name is Bianca Meteo, your email address is 123@abc.eu, you are living in Italy and you took a photo of a beautiful cloud over Rio de Janeiro in Brazil, taken on 9 November 2023.

To participate you first have to register on [https://www.emetsoc.org/europhotometeo/](https://www.emetsoc.org/europhotometeo/)

On this page you will find some information about EPM2024 and the terms & conditions (please, read them).

1. **Register**

Scrolling down, you will find a login section - you will use this section after registration.

- Go to “Register” and fill in your data as given in the example.

  ![Register Form](image)

  - Further down, you have to confirm, that you have read and accepted the Terms & Conditions and the Privacy Policy. Then do the security check (recaptcha) that you are not a robot.
  - Then click "Register".

You will receive an email with a code. This code you will need to login.

- Go to the Login section at the top of the page.
2. Submit your photo

After login, you will find two tabs:
- "profile" (default), where you can add more information about yourself if you wish, and
- "photo": here you can upload your photo.

You will find a line telling you in your language to choose a photo from your own folders.

</tbody>
</table>
Select a license for your photo.

Please check your photo before the upload:
- is it a .jpg?
- minimum size 1000 pixel?
- the file is smaller than 8 mb?

Then upload your photo.

Choose a title for your photo (maybe "Afternoon cloud over Rio") and give a short description of the scene in the photo (both in English).

Fill in the original resolution of your photo (you find this in the "properties" section of your photo).

Tell us, which camera or smartphone you have used. If you have used something else, like a filter, add this information.

Fill in place and country where you have taken the photo (even if you have mentioned it in your description) and fill in the date - the year has to be 2022 or 2023.

Now click "Submit photo".

You will see a confirmation that your photo has been submitted successfully.

**Good luck!**
